PROFESSIONAL SUMMARY

- Full-stack developer with experience in Java, Spring Boot, SQL, and web technologies gained through internship experience. Comfortable working across application, database, and backend layers to support end-to-end systems and data-driven solutions.

TECHNICAL SKILLS

- **Programming Languages:** Java, JavaScript, Python (Basic)
- **Backend Technologies:** Spring Boot, RESTful APIs, JPA (Basic), Hibernate (Basic), MVC Architecture
- **Frontend Technologies:** React.js, Tailwind CSS, HTML5
- **Databases:** PostgreSQL, MySQL, Oracle, SQL
- **Tools & Platforms:** Git, GitHub, Postman, IntelliJ IDEA
- **Concepts & Practices:** Object-Oriented Programming (OOP), Database Design (Basic), REST API Design, Exception Handling, Debugging, Agile Methodology

EDUCATION

Noida Institute of Engineering and Technology

2023 – 2025

Master of Computer Applications (MCA) / **CGPA: 8.28/10**

Gr Noida, India

- Specialized in Full Stack Development, Software Engineering, and Software Testing.
- Developed multiple end-to-end web apps using HTML, CSS, Java and SQL.

EXPERIENCE

IT Intern | GreenPanel Industries Limited, Gurgaon

Nov 2025 - Present

- Worked on data analysis and reporting solutions by creating queries, filters, calculated fields, and structured logic to ensure accurate and efficient outputs.
- Collaborated with business teams to understand requirements, validate data, and optimize data models for better performance and reliability signed.

Frontend Intern | Target Integration (Remote), Gurgaon

July 2025 – Aug 2025

- Developed responsive web interfaces using Next.js and Tailwind CSS, following best practices in semantic HTML and accessibility.
- Participated in sprint planning, daily stand-ups, and code reviews; ensured clean, maintainable code and timely delivery.

PROJECTS

Employee Management System

Aug 2025

- Designed and implemented a **Role-Based Employee Management System** using **React.js, Java Spring Boot, and PostgreSQL**, enabling admins to assign tasks, manage schedules, and add managers, while managers could add employees and maintain notes.
- Built and optimized REST APIs and reusable React components, improving task assignment efficiency by 40% and enhancing team collaboration.
